An aerial photograph of a tropical beach. The sand is bright yellow and stretches from the top center towards the bottom right. The water is a clear, vibrant blue, with gentle waves lapping at the shore. Two people are walking on the sand near the water's edge, one slightly ahead of the other. The overall scene is serene and idyllic.

**If you could fit the entire population of the world into a village consisting of 100 people, maintaining the proportions of all the people living on Earth, that village would consist of**

**57 Asians**

**21 Europeans**

**14 Americans** (North, Central and South)

**8 Africans**

There would be:  
52 women and 48 men  
30 Caucasians and 70 non-Caucasians  
30 Christians and 70 non-Christians  
89 heterosexuals and  
11 homosexuals

**6 people would possess 59% of the wealth and they would all come from the USA**

80 would live in poverty

70 would be illiterate

50 would suffer from hunger and malnutrition

1 would be dying

1 would be being born

1 would own a computer

1 (yes, only one) would have a university degree

If we looked at the world in this way,  
the need for acceptance and understanding would  
be obvious.

But, consider again the following :

If you woke up this morning in good health, you have more luck than one million people, who won't live through the week.

If you have never experienced the horror of war, the solitude of prison, the pain of torture, were not close to death from starvation, then you are better off than 500 million people.

If you can go to your place of worship without fear that  
Someone will assault or kill you, then you are luckier than  
3 billion (that's right) people.

**If you have a full fridge, clothes on your back,  
a roof over your head and a place to sleep, you  
are wealthier than 75% of the world's  
population.**

If you currently have money in the bank, in your wallet and a few coins in your purse, you are one of 8 of the privileged few amongst the 100 people in the world.

**If your parents are still alive and still married,  
you're a rare individual.**

If someone sent you this message,  
you're extremely lucky,  
Because someone is thinking of you  
and because you don't comprise one of those 2 billion  
people who can't read.

**AND SO?**

**Work** like you don't need the money.  
**Love** like nobody has ever hurt you.  
**Dance** like nobody is watching.  
**Sing** like nobody is listening.  
**Live** as if this was paradise on Earth.

A large waterfall cascading down a rocky cliff in a lush green forest. The water is white and frothy as it falls, surrounded by dense green foliage. The scene is captured from a low angle, looking up at the waterfall.

Send this message to your friends.

Bypass those who are determined to see the worst in the world no matter what.

If you don't send it, nothing will happen.  
If you do send it, someone might smile while they are reading it, and that will be a positive.

**AND APART FROM THAT,  
SIMPLY HAVE A NICE DAY**
